The Bungalow
LONG BEACH

The Bungalow Long Beach radiates the relaxed charm of another era while paying homage to the city of Long Beach's rich history, culture and community. This is The Bungalow's third location in Southern California alongside the original in Santa Monica and Huntington Beach.

The Bungalow Long Beach puts a unique and utterly contemporary spin on the traditional Craftsman bungalow. With elements like wood-plank ceilings, large fireplaces, a covered porch and unique art & furnishings, it conjures the feeling of hanging at a local musician's home. Play a game of pool in the Game Room, sip on your favorite signature cocktail in the Sun Room, or listen to our DJ's on the deck with views of the marina.

A black and white photograph of a woman sitting on a leopard-print sofa, holding a guitar. The room has a vintage aesthetic with posters on the wall, including one for 'ACADEMIE CHARLES CROS' and another for 'THE TOWER OF BABEL'. A television set is on a table to the right, showing a woman's face. The overall scene is dimly lit and has a nostalgic feel.
